---

SUMMARY

I am a front-end developer with foundational skills in HTML, CSS, JavaScript, and ReactJS, and I am eager to contribute to creating user-friendly web experiences. I am currently honing my skills and staying updated with industry trends. I value collaboration, creativity, and continuous learning. Open to opportunities to grow and contribute to innovative projects.

SKILLS

- HTML
- CSS
- CSS framework (Tailwind CSS)
- SCSS
- JavaScript
- ReactJs

EXPERIENCE

Slink Tech Hub (Frontend Developer Intern) (Remote)   2023

- Frontend Development: Developed user-facing features using React.js as the primary framework. Leveraged modern JavaScript ES6+ features to write clean, efficient, and maintainable code.
- Responsive Design: Implemented responsive designs using HTML5 and CSS3, ensuring seamless user experiences across various devices and screen sizes.
- Component-Based Architecture: Built reusable and modular components in React.js, facilitating code reusability and scalability while adhering to best practices.
- State Management: Utilized state management libraries like Context API within React.js applications for efficient data flow and state handling.
- API Integration: Integrated RESTful APIs
- Version Control: Proficient in Git for version control.

Ikeja Electric (NYSC)   2023 – 2024

- Exposure to Data analysis, map software and standard measuring instruments
- Demonstrated adaptability by quickly grasping new concepts and technologies
- Developed strong problem-solving skills through troubleshooting issues and finding innovative solutions to challenges faced during day-to-day operations
- Effectively communicated with other team members

PERSONAL PROJECTS

Portfolio Website (React JS)

- Developed a personal portfolio website showcasing my skills and projects.
- Implemented responsive design for optimal viewing on various devices.
- *Technologies: React JS*
- View live [https://samson-ameh.vercel.app/]

Learning Journey Site (HTML, CSS, JavaScript)

- Created a responsive learning journey site with interactive features.
- Utilized HTML, CSS, and JavaScript for a dynamic user experience.
- *Technologies: HTML, CSS, JavaScript*
- View live [https://ameh-samson.github.io/Learning-journal/]

Meal Search Web app (React JS, API)

- Developed an interactive meal search website to explore and discover various recipes.
- Implemented a responsive user interface using React JS, ensuring optimal user experience across devices.
- Integrated an external API to fetch real-time meal data, providing a diverse range of recipe options.
- Used third-party library for HTTP requests (Axios)
- Implemented local storage to store user's favourite meals
- *Technologies: React JS, API Integration, Local Storage, Axios*
- View live [https://meal-mingle.vercel.app/

EDUCATION

- Frontend development career path   2024
    Scrimba
- HND. Electrical/Electronic Engineering (Instrumentation & Control)   2022
    The Federal Polytechnic, Ilaro (Distinction)
- OND. Electrical/Electronic Engineering.   2019
    The Federal Polytechnic, Ilaro (Distinction)
- Certificate in Graphics and Web design   2019

    The Federal Polytechnic, Ilaro EDC
